## **IMPORTANT PRODUCT SAFETY NOTICE**

### **Eaton brand Heavy Duty 30 A and 60 A Safety Switches**

**Eaton Corporation ("Eaton") has identified a potential nonconformance with certain Eaton brand Heavy Duty 30 A and 60 A Safety Switches manufactured between November 19, 2015 and January 23, 2018. The safety switch can potentially supply power when the handle is in the "off" position.**

**This issue affects various configurations of 30 A and 60 A Heavy Duty safety switches manufactured between 11/19/2015 and 1/23/2018.**

**Please visit the website below to see the full product advisory bulletin, affected catalog prefixes, repair kit request form, and detailed work instructions for component replacement.**
